Steve's Highlights

- Vero Apparatus
- UEFI secure boot
- Keyring/GPG2 updates
- MIPS BOF
- Hijacking for Fun and Profit

Wookey's Highlights

- Coming of Age - My life with Debian
- Infrastructure Discussion
- HP Openstack Hellion
- PPC64el port
- Reproducible builds
- Stop Logging

ARM port(s) update

- armel
- armhf
- arm64
- DS-5 Debian edition
- ARM is in good standing

arm64 status

- Building on 2 Junos
- Great co-operation from all
- Timescale very tight
- PPC64 made us look slow
- Porterbox/builddds needed
- 400 packages to fix

Multiarch-cross & Bootstrapping

- Bootstrapping sprint
- Rebootstrap
- Build profile update
- Multiarch-built compilers
- Libtool split

Video

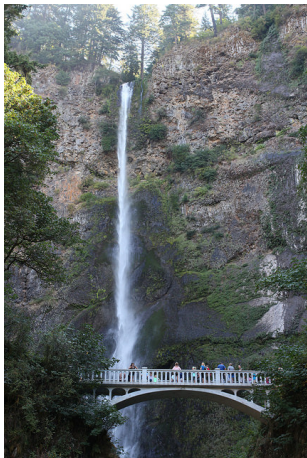

- All of this is videoed
- Edited live and streamed
- On line by end of Debconf
- All done with Free Software

Daytrip

- Daytrip to Columbia River
 - Waterfalls, Park, Swimming, Views

Daytrip

• Waterfalls

• Vista House

Tourism

- Portland is very pleasant

Cheese and Wine Party

- Cheeses (and drink) from around the world
